

CLEVE MOLER

Cofounder, Chief Mathematician
MathWorks

“Evolution of MATLAB”

Monday April 25

5:00 - 6:00 PM

Hawking Auditorium

(Mitchell Institute Physics MPHY)

Reception to be held at 4:30 PM in the Mitchell Institute’s Penrose Plaza

Scientific Computing with MATLAB at Texas A&M

A one day workshop to showcase the widespread use of MATLAB across the scientific community of Texas A&M on the occasion of Dr. Cleve Moler’s maiden visit to College Station. The workshop will feature short expository talks by faculty from several departments and the Supercomputing Center.

Schedule:

Jim Ji (Electrical)

1:30 PM

MATLAB in Biomedical Imaging Research and Education

Pilwon Hur (Mechanical)

2:00 PM

Usage of MATLAB in Rehabilitation Robotics

-----Coffee Break-----

Aniruddha Datta (Electrical)

3:00 PM

Cancer Therapy Design Based on Pathway Logic

Simon Foucart (Math)

3:30 PM

How MATLAB impacts my research

Marinus Pennings (HPRC)

4:00 PM

Speeding up your MATLAB code on HPRC

MONDAY APRIL 25
BLOCKER 220

HOSTED BY:

Department of Mathematics

Department of Physics & Astronomy

Texas A&M Student Chapter of SIAM
