

Suyeong Park

✉ swim3894@gm.gist.ac.kr 📞 +82-10-3621-3894

Education

Gwangju Institute of Science and Technology , Gwangju, Korea	2025.09 – Present
• M.S./Ph.D. Integrated, Mechanical and Robotics Engineering	
Kookmin University , Seoul, Korea	2021.03 – 2025.02
• B.S., Mechanical Engineering	
• GPA 4.13/4.5	

Research Interests

Wearable Robot
Rehabilitation Robot
Control Theory

Projects

Translational Research on Modular Upper Limb Rehabilitation Robot for Improving Upper Limb Function in Patients with Brain Lesions	2025.05 – Present
--	-------------------

Conferences

2025 ICROS, Poster – LSTM-Based Real-Time Classification of Locomotion States Using Inertial Measurement Unit (IMU) Data

Experience

Intern Dynamics and Biomechatronics Lab in GIST	2025.01 – 2025.08
• LSTM-Based Real-Time Classification of Locomotion States Using IMU Data	
Intern BIOROBOTICS LAB in Seoul National University	2024.07 – 2024.08
• Development and Patterning of a Portable Shoulder CPM Robot Using Pneumatic Soft Actuators	
2024 KMU Engineering FESTA, Engineering Design Contest	2024.06
2024 Robocup Korea Open, Humanoid Soccer League	2024.02
2023 SRCIRC Humanoid Robot Sport Intelligence Division	2023.10
KUDOS (Humanoid Soccer Robot Club)	2022.05 – 2024.02

Awards

2025 Merit-based Entrance Scholarship
2024 KMU Engineering FESTA, Engineering Design Contest (2nd place)
2024 Robocup Korea Open, Humanoid Soccer League (1st place)
2021 Academic Scholarship

Skills

Language: New TEPS 329, TOEIC 775

Programming: C/C++, Python, MATLAB, ROS

Engineering Tools: SOLIDWORKS, AUTO CAD
